

We offer care products for all our furniture, which are effective and easy to use. A maintenance regime, once or twice a year will keep your furniture in prime condition. You can purchase our Care Products from your local Barlow Tyrie Stockist.

Fabric Cleaner

Product Code 4FC Removes dirt and stains from cushions.

For more information visit [Cleaning Sunbrella Fabrics](#).

Instructions For Use

- The use of rubber/plastic gloves is recommended.
- Note: Test for colourfastness in an inconspicuous area before using.
- Fabric Cleaner is ready to use.
- Moisten the fabric to be treated thoroughly with water beforehand: (small surfaces by dipping into water, larger surfaces using a sponge or plant spray.)
- Apply Fabric Cleaner onto the wet, stained area with a clean cloth.
- The time the cleaner needs to take effect depends on the extent of staining, and may vary from three to ten minutes.
- Remove dirt and grease with a sponge or a soft scrubbing pad. Afterwards, rinse the treated fabric thoroughly with clean water and allow to dry.
- If the stains have not been completely removed, the treatment can be repeated, leaving the cleaner a longer penetration time.
- Afterwards use our Fabric Weather Guard (product code: 4FWG) to make the treated fabric water repellent again.

Eco Safe Care Products

Products labelled 'Eco Safe' are completely free of solvents because they are manufactured on a water-based solution. Since they are water based the products do not irritate the skin. They are designed to perform well and are also safe for the environment.
